# SILENCE IS GOLDEN

- Short whispered conversations.
- No group study.
- Audio only at a low volume using headphones.
- Cell phones on vibrate.

# BORROWING BOOKS

Two collections:

- **Circulating Collection:** Can be borrowed for 3 weeks and renewed for an unlimited number of times unless another student puts a reserve on that book, in which case the book must be returned when the current due date is reached.
- **Reference Collection:** May not be borrowed.
- Books that are returned after the due date will accrue fines at the rate of 25c per day, per book except for days the library is closed (unstaffed).
- When the library is unstaffed please drop books into locked drop box outside the Library door.
- Books may not be taken out of the library without being checked out to a student's account .

Thank you for your cooperation, Library Staff

# RENEW YOUR BOOKS REMOTELY FROM HOME, IN PERSON, OR BY PHONE.

The screenshot shows the homepage of the St. John's Riverside Hospital Medical Library Online Catalog. The header includes the hospital logo and navigation tabs: Home, Explore, Awards & Honors, Now in Library, Popular Titles, Reading Lists, Library News, and Setup. A search bar is located on the left. The main content area features a welcome message and two widget sections: 'Studying in the ....' and 'Popular Titles'. The 'Studying in the ....' section includes a graphic with the text 'LIBRARIES Shhhh happens' and a list of five items to avoid in libraries. The 'Popular Titles' section lists two books with their authors and descriptions.

Med-surg success : a Q&A review applying critical thinking to test taking  
Colgrove, Kathryn Cadenhead, author.

Lippincott NCLEX-RN alternate format questions  
Rupert, Diana L., author.  
LIPPINCOTT NCLEX-RN ALTERNATE FORMAT QUESTIONS, 6E is designed to help anyone preparing to take the RN licensing examination. Students and faculty also use the book as a study guide and practice tests for preparing for faculty made examinations. If questions in the book are also made available in PassPoint Plus, the products used together can act as an ongoing assessment tool to monitor progress throughout the nursing curriculum. This expanded 6th edition has everything needed for students to be fully prepared to answer every type of question found on the NCLEX. More than 600 questions include multiple-response, drag-and-drop, hotspot, audio, chart, graphic option, and fill-in-the-blank questions. Also included are comprehensive tests with an additional 300 questions. Rationales are clear and detailed and cover correct as well as incorrect answers. Test-taking strategies help students dissect each question to its core components and provide keys to choosing the right answer. The book reviews all the topics covered on the actual NCLEX-RN. Hundreds of questions at the application level or above prompt active learning and higher order thinking. Questions are aligned

### ABOUT THE MEDICAL LIBRARY

#### MISSION STATEMENT AND LIBRARY POLICIES

The mission of the medical library is to provide resources and services to support the needs of all members of the hospital in the care of patients. The library also strives to serve the curriculum of the Cochran School of Nursing; managerial decision making; performance improvement activities; individual and institutional research; as well as patient and family education. The library will provide the highest quality, maximum service to all its users.

#### LIBRARY INFORMATION SERVICES

The library, located on the 4th floor of the Cochran School of Nursing in the Andrus Pavilion at St. John's Riverside Hospital, serves as a major point of reference for all student course materials and research work. Resources in the areas of nursing, medicine, allied health and general education are made available, as well as a wide range of topics such as nursing skills, nursing trends and research, medical research, and current events as they relate to the health care environment. Library staff is available to assist with research, library instruction, circulation of library materials, and the use of a variety of audiovisual and electronic resources.

#### LIBRARY REGISTRATION

In order for the library staff to identify its patrons and track materials that are circulated from the library collection, we ask all patrons to complete a Library Membership Application. Application forms for Cochran students and faculty are available at the medical library or online via the Cochran School of Nursing website. (Click "forms" on the left-hand side menu on the library webpage).

#### BORROWING POLICIES

Library books and CD-ROMs may be borrowed for an initial period of three weeks. They must then be renewed every three weeks as needed. There is no limit on the number of renewals, unless another patron has placed a reserve on that item. Renewals remain the patron's responsibility and are allowed in person, by telephone or by logging into the online catalog. A fine of 25 cents per day will be charged for each item that is overdue. Reference books, videos, and journals, cannot be checked out of the library.

#### RESERVES

Items that are currently out on loan may be placed on reserve by using the online catalog or by contacting the library staff. When the items that have been placed on reserve are returned to the library, the requesting patron will be contacted. Reserved items will be held at the reference desk for one week. If reserves are not retrieved within that time, they will go to the next patron on the reserve list.
