

COCHRAN SCHOOL OF NURSING		
POLICY AND PROCEDURE MANUAL	Section	ORGANIZATION
Sexual Violence Prevention and Response Title IX; Article 129-B	POLICY #	O-13
	Reviewed	6/16, 6/17, 8/19
	Revised	6/18, 4/19

Cochran School of Nursing is committed to providing options, support and assistance to victims/survivors of sexual assault, domestic violence, dating violence, and/or stalking to ensure that they can continue to participate in College programs, activities, and employment. All victims/survivors of these crimes and violations, regardless of race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction, have the following rights, regardless of whether the crime or violation occurs on campus or off campus.

In furtherance of those goals, the CSN has developed this Policy to define prohibited sexual conduct, establish a mechanism for determining when sexual misconduct has taken place, and provide recourse for members of the CSN community whose rights have been violated. This Policy is intended to be consistent with the school’s obligations under Title IX of the Education Amendments Act of 1972 (“Title IX”); the Clery Act, as amended; the Violence Against Women Reauthorization Act of 2013 (“VAWA”); and, New York Education Law Article 129-B.

Prohibited Conduct

- A. The Cochran School of Nursing (CSN) prohibits sexual misconduct, an umbrella term that is used to encompass unwanted or unwelcome conduct of a sexual nature that is committed without valid consent. Sexual misconduct includes sex discrimination/gender discrimination, sexual harassment/gender-based harassment, sexual assault, stalking, dating violence, domestic violence, and sexual exploitation, as defined below. Sexual misconduct and all acts of sexual misconduct, as set forth below, are strictly prohibited under this Policy.
 1. **Sex Discrimination/Gender Discrimination:** Actions that deprive a member of the College community of educational or employment access, benefits, or opportunities because of that individual’s sex or gender.
 2. **Sexual Harassment/Gender-Based Harassment (Hostile Environment):** Unwelcome verbal or physical conduct of a sexual nature that has the effect of unreasonably interfering with an individual’s work or academic performance or that creates an intimidating, hostile, or offensive working, educational, or living environment.
 3. **Sexual Harassment/Gender-Based Harassment (Quid Pro Quo):** Unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejection of such conduct results in adverse

- educational or employment action or the threat of such action or limits or denies an individual's educational or employment access, benefits, or opportunities.
4. **Sexual Assault:** Unwanted or unwelcome touching of a sexual nature, including hugging, kissing, fondling, oral sex, anal intercourse, vaginal intercourse, or other intentional sexual contact that occurs without clear, knowing, valid, and voluntary consent and/or by force.
 5. **Stalking:** A pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that makes that person afraid or concerned for his or her safety.
 6. **Dating Violence:** Violence or the threat of violence committed by a person who is or has been in a social relationship of a romantic and/or intimate nature with the survivor/victim.
 7. **Domestic Violence:** A pattern of abusive behavior in a social relationship of a romantic and/or intimate nature that is used by one partner to gain or maintain control over another intimate partner.
 8. **Sexual Exploitation:** Non-consensual and/or abusive sexual advantage taken towards an individual to benefit anyone other than the individual being exploited. Sexual exploitation includes, but is not limited to invasion of sexual privacy, engaging in voyeurism, and non-consensual video-or audio-taping of sexual activity.
- B. Sexual misconduct may occur between people of the same sex or between people of different sexes and may occur regardless of person's gender expression, gender identity, or sexual orientation.
- C. This Policy applies to conduct that occurs:
1. on campus; and,
 2. off campus, if;
 - a. in connection with a CSN program or activity or,
 - b. the underlying behavior is reasonably believed to pose a threat of harm to an individual or the campus community in general; or,
 - c. the underlying behavior may have the effect of creating a hostile environment for any member of the CSN community.
- D. **Retaliation** is prohibited under this Policy. Retaliation occurs when an adverse employment or educational action is taken against a member of the CSN community because of that individual's participation in a complaint or investigation of a violation under this Policy.

The school may investigate and/or sanction retaliation prohibited under this Policy regardless of where the retaliation took place, so long as the retaliatory acts were

conducted as a result of or in connection with an individual's participation in a complaint or investigation of a violation under this Policy.

- E. It is a violation of this Policy for anyone knowingly to make false accusations of discrimination or harassment. A determination that a complaint is not meritorious, however, is not necessarily equivalent to a false allegation and a finding for the responding party does not necessarily constitute a finding that the complaint was in bad faith.
- F. The school prohibits members of the faculty, administration, or staff from engaging in a dating or sexual relationship, whether or not consented to, with a student or employee whom the faculty, administrator, or staff member either instructs, evaluates, supervises, or advises, or over whom the faculty, administrator, or staff member is in a position to exercise authority over in any way, now or in the foreseeable future. Any instances of such relationships will result in an investigation and may result in disciplinary actions up to and including termination.

Affirmative Consent to Sexual Activity is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Principles of guidance regarding affirmative consent are as follows:

- A. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- B. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- C. Consent may be initially given but withdrawn at any time.
- D. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- E. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- F. When consent is withdrawn or can no longer be given, sexual activity must stop.
- G. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.

Amnesty Provision

The health and safety of every student at CSN is of utmost importance. The school recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. CSN strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to school officials or law enforcement will not be subject to Institution's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

Nothing in this section shall be construed to limit an institution's ability to provide amnesty in additional circumstances.

Students' Bill of Rights

Upon disclosure, an individual has the right to make a report to the incident to CSN security, local law enforcement, and or the state police. They also have the right to choose not to report, to report to CSN, to be protected by CSN from retaliation for reporting an incident, and to receive assistance and resources from CSN.

In addition students have the right to:

- A. Make a report to local law enforcement and/or state police;
- B. Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;
- C. Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure by the institution;
- D. Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
- E. Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available;
- F. Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
- G. Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;
- H. Be protected from retaliation by the institution, any student, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;
- I. Access to at least one level of appeal of a determination;

- J. Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process;
- K. Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the institution; and,
- L. Make a report to an employee with the authority to address complaints, including the Title IX Coordinator, Director of Human Resources, Campus Security, Local Law Enforcement, and/or Family Court or Civil Court.

Reporting a Potential Policy Violation

The CSN takes all allegations of sexual misconduct seriously and encourages any member of the CSN community who has been a victim of sexual misconduct or a witness to sexual misconduct to report the incident to CSN officials. The reporting party may elect to make a confidential or non-confidential disclosure using the avenues set forth under 'Options for Confidential Disclosure' (page 8). In addition to reporting the incident to the CSN, please note that you may always dial 911 or contact the Yonkers Police Department (Telephone: 914 337-7900) to report an emergency, ongoing threat, or potential criminal conduct to law enforcement. It is your choice whether to report an act of sexual misconduct to law enforcement.

Resources

The CSN Lead Title IX Coordinator is Nora Donoher, Director of Human Resources at St. John's Riverside Hospital. She is the person responsible for overseeing the administration of this policy. She can be reached at n donoher@riversidehealth.org or (914) 798-8875. The Deputy Title IX Coordinator is Jim Leviness, Assistant Director of Security at St. John's Riverside Hospital. He can be reached at jleviness@riversidehealth.org or (914) 964-4445.

Resources for reporting individuals include access to the Title IX Coordinator, Sexual Assault Nurse Forensic Program (SAFE) nurse examiner, Occupational Health, and Emergency Department services. Access to the Title IX Coordinator and SAFE program are included in student fees. CSN shall ensure that students have access to a sexual assault forensic examination through the St. John's Riverside Hospital. Students will be charged for Emergency Department services. Information on sexually transmitted infections, sexual assault forensic examinations, and other resources is available through the New York State Office of Victim Services. The website address is <https://ovs.ny.gov>

The Importance of Preserving Evidence

Whether or not you choose to report an act of sexual misconduct, it is important to preserve evidence of the assault in case you later wish to report the sexual misconduct to law enforcement or school officials. If you have cleaned up after an assault or no longer have evidence, you may still report the incident and an investigation will follow, but it will help police and investigators to have all available evidence.

To preserve evidence of a sexual assault do not wash your hands or face; do not shower or bathe; do not brush your teeth; and, do not change clothes or straighten up the area where the assault took place. If you

remove clothing, try to preserve the clothing in a paper bag. To preserve evidence of physical violence take photographs of any bruising or other visible injuries.

Email, social media posts, text messages, and/or voicemails may also provide evidence of sexual misconduct.

Prompt Review

Both the Accused or Respondent and the Reporting Individual shall, upon request, be afforded a prompt review, reasonable under the circumstances, of the need for and terms of a no contact order, including potential modification, and shall be allowed to submit evidence in support of his or her request. CSN will establish an appropriate schedule for the Accused and Respondents to access applicable CSN buildings and property at a time when such buildings and property are not being accessed by the Reporting Individual. The Reporting Individual will be assisted by CSN's security officers, if applicable, or other officials in obtaining an order of protection, and have an opportunity to meet or speak with a CSN representative, or other appropriate individual, who can explain the order and answer questions about it, including information from the order about the Accused's responsibility to stay away from the protected person or persons; Both the Accused or Respondent and the Reporting Individual shall receive an explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension.

They shall also receive assistance from CSN security in effecting an arrest through local law enforcement when an individual violates an order of protection. When the Accused or Respondent is a student determined to present a continuing threat to the health and safety of the community, CSN may subject the Accused or Respondent to interim suspension pending the outcome of a judicial or conduct process under CSN's policies and procedures. Both the Accused or Respondent and the Reporting Individual shall, upon request and consistent with the CSN's policies and procedures, be afforded a prompt review, reasonable under the circumstances, of the need for and terms of an interim suspension, including potential modification, and shall be allowed to submit evidence in support of his or her request.

Interim Measures and Accommodations

A Reporting Individual, the Accused and/or Respondent shall, upon request, be afforded a prompt review of the need for, and terms of, any reasonable and available interim measures and accommodations that effect a change in academic or other applicable arrangements in order to help ensure safety, prevent retaliation and avoid an ongoing hostile environment, that directly affects him or her, and shall be allowed to submit evidence in support of his or her request.

No Contact Order

When the accused or respondent is a student, reporting individuals may request that CSN issue a "no contact order," whereby continued intentional contact with the reporting individual would be a violation of the CSN policy subject to additional conduct charges. If the accused or respondent and a reporting individual observe each other in a public place, it shall be the responsibility of the accused or respondent to leave the area immediately and without directly contacting the reporting individual.

Judicial Proceedings

CSN shall ensure that every student be afforded the following rights:

- A. The right to request that student conduct charges be filed against the Accused. This request shall be initiated with the Title IX Coordinator.
- B. the right to a process in all student judicial or conduct cases, where a student is accused of sexual assault, domestic violence, dating violence, stalking, or sexual activity that may otherwise violate the CSN's code of conduct that includes, at a minimum:
 - 1. notice of the date, time, location and factual allegations concerning the violation, a reference to the specific code of conduct provisions alleged to have been violated, and possible sanctions;
 - 2. an opportunity to offer evidence during an investigation, and to present evidence and testimony at a hearing with the Director of Student Services and the director of Learning Resources, and have access to a full and fair record of any such hearing, which shall be preserved and maintained for at least five years from such a hearing and may include a transcript, recording or other appropriate record; and
 - 3. access to at least one level of appeal of a determination before a panel, which will include the Director of Security, and the Dean. In order to effectuate an appeal, a respondent and reporting individual in such cases shall receive written notice of the findings of fact, the decision and the sanction, if any, as well as the rationale for the decision and action. In such cases, any rights provided to a Reporting Individual must be similarly provided to a Respondent and any rights provided to a Respondent must be similarly provided to a Reporting Individual.
- C. Through out proceedings involving an accusation of sexual assault, domestic violence, dating violence, stalking, or sexual activity that may otherwise violate CSN's code of conduct, the Respondent, Accused, and Reporting Individual shall have the right to be accompanied by an advisor of choice who may assist and advise them throughout the judicial or conduct process including during all meetings and hearings related to such process. The advisor may speak to the person whom he or she is advising, but may not speak on behalf of that person or participate in any other way in the proceedings.
- D. To a prompt response to any complaint and to have the complaint investigated and adjudicated in an impartial, timely, and thorough manner by property trained individuals.
- E. To an investigation and process that is fair, impartial and provides a meaningful opportunity to be heard and that is not conducted by individuals with a conflict of interest.
- F. To have the CSN's judicial or conduct process run concurrently with a criminal justice

investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than ten days except when law enforcement specifically requests and justifies a longer delay.

- G. To review and present available evidence in the case file, or otherwise in the possession or control of the CSN, and relevant to the conduct case, consistent with CSN policies and procedures.
- H. To exclude their own prior sexual history with persons other than the other party in the judicial or conduct process or their own mental health diagnosis and/or treatment from admittance in the CSN disciplinary stage that determines responsibility. Past findings of domestic violence, dating violence, stalking, or sexual assault may be admissible in the disciplinary stage that determines sanction.
- I. To receive written or electronic notice, provided in advance pursuant to CSN policy and reasonable under the circumstances, of any meeting they are required to or are eligible to attend, of the specific rule, rules or laws alleged to have been violated and in what manner, and the sanction or sanctions that may be imposed on the Respondent based upon the outcome of the judicial or conduct process, at which time the designated hearing or investigatory officer or panel shall provide a written statement detailing the factual findings supporting the determination and the rationale for the sanction imposed.
- J. To make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.
- K. To simultaneous (among the parties) written or electronic notification of the outcome of a judicial or conduct process, including the sanction or sanctions.
- L. To be informed of the sanction or sanctions that may be imposed on the respondent based upon the outcome of the judicial or conduct process and the rationale for the actual sanction imposed.
- M. To choose whether to disclose or discuss the outcome of a conductor judicial process.
- N. To have all information obtained during the course of the conductor judicial process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

The standard of evidence used in adjudication of these cases will be preponderance of evidence. Possible sanctions if a student is found responsible for violation of the code of conduct, with regards to sexual misconduct include disciplinary sanctions including suspension or expulsion.

Options for Confidential Disclosure

CSN offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only

as necessary for the Title IX Coordinator to investigate and/or seek a resolution. Medical providers and clergy may offer confidentiality with regard to domestic violence, dating violence, stalking, or sexual assault. If a reporting individual discloses an incident to a CSN employee who is responsible for responding to or reporting domestic violence, dating violence, stalking, or sexual assault but wishes to maintain confidentiality or does not consent to CSN's request to initiate an investigation, the Title IX Coordinator will weigh the request against CSN's obligation to provide a safe, non-discriminatory environment for all members of its community.

CSN is not obligated to begin an investigation based on information disclosed through a public awareness event such as a candlelight vigil, protest, or other public event. CSN may use the information provided at such an event to inform its efforts for additional education and prevention efforts.

Please refer to table below regarding information about existing and available methods to anonymously disclose on confidential hotlines provided by New York state agencies and not-for-profit entities:

Please note that the resources below are for crisis intervention, resources, and referrals, and are not reporting mechanisms. Disclosure on a call to a hotline does not result in the provision of information to CSN.

The Family Educational Rights and Privacy Act, 20 U.S.C. 1232g, allows CSN to share information with parents when there is a health or safety emergency, or when the student is a dependent on either parent's prior year federal income tax return; and that generally, CSN shall not share information about a report of domestic violence, dating violence, stalking, or sexual assault with parents without the permission of the reporting individual. CSN may take proactive steps, such as training or awareness efforts, to combat domestic violence, dating violence, stalking or sexual assault in a general way that does not identify those who disclose or the information disclosed. If CSN determines that an investigation is required, it shall notify the reporting individuals and take immediate action as necessary to protect and assist them. CSN shall seek consent from reporting individuals prior to conducting an investigation.

Declining to consent to an investigation shall be honored unless CSN determines in good faith that failure to investigate does not adequately mitigate a potential risk of harm to the reporting individual or other members of the community. Honoring such a request may limit the CSN's ability to meaningfully investigate and pursue conduct action against an accused individual. Factors used to determine whether to honor such a request include, but are not limited to:

- A. Whether the accused has a history of violent behavior or is a repeat offender;
- B. Whether the incident represents escalation in unlawful conduct on behalf of the accused from previously noted behavior;
- C. The increased risk that the accused will commit additional acts of violence;
- D. Whether the Accused used a weapon or force;
- E. Whether the Reporting Individual is a minor; and
- F. Whether CSN possesses other means to obtain evidence such as security footage, and whether available information reveals a pattern of perpetration at a given location or by a particular group.

Investigation Procedures

The Cochran School of Nursing (CSN) is committed to conducting adequate, reliable, and impartial investigations of reports and complaints of sexual violence, and to doing so in a timely manner.

The Title IX Coordinator is responsible for overseeing and coordinating many aspects of this response.

Purpose of the Investigation

The purpose of an investigation is:

1. To collect and compile evidence for the purpose of determining whether the complaint, if accepted as true, alleges prohibited conduct defined in this policy (pg.1) and if so, which specific policies may have been violated;
2. To determine whether the allegations warrant review. The Title IX Coordinator or designee will make this determination.
3. When the Respondent is not a member of the CSN community, to collect and compile evidence relevant to the allegations in order to determine whether a violation of CSN policy has occurred. The Title IX Coordinator or designee will make this determination.

4. To assist CSN in its obligation to stop individual instances of sexual violence, to prevent the recurrence of the violence, and to remedy any effects the violence has had on the entire CSN community.

Student's Rights in an Investigation

1. If a reporting individual reports an incident of non-consensual sexual activity or sexual assault, but does not wish to participate in the investigation and adjudication process, the situation will be reviewed by the Title IX Coordinator for student concerns. They will determine whether there is sufficient information to proceed with an investigation.
2. If the accused/respondent does not wish to participate in the investigation and adjudication process, the process will proceed without their contribution to the determination of the facts of the case. The respondent should note that the appeal process based on appearance of new information not available to the hearing officers does not apply in cases of deliberate omission of information by the respondent, including refusal by the respondent to participate in the investigation.
3. All students will receive a process investigated by individuals in a thorough manner, without a conflict of interest, and who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the respondent, including the right to a presumption that the respondent is "not responsible" until a finding of responsibility is made.
4. A reporting individual may also refer to the Student's Bill of Rights (pg.4) of this document for a complete list of all their rights.

Title IX Coordinator's Receives Report

When the Title IX Coordinator receives a report alleging actual or suspected sexual violence, they will do the following:

1. Review all available information to determine whether or not immediate remedial action can and should be taken.
2. In conjunction with the CSN Security, determine whether a timely warning should be issued to the entire College community in accordance with Clery Act requirements. Should the College determine that a timely warning is necessary; the College will make every effort to notify the reporting individual prior to the issuance of the notification.
3. Conduct a preliminary inquiry into the report or assign an investigator(s) to do so.

Preliminary Inquiry

Upon receipt of a report alleging sexual violence, the Title IX Coordinator or a designee will assess whether a formal Title IX investigation will be conducted under this policy; that is, whether the allegations in the initial report(s), if true, would constitute prohibited sexual violence in accordance with CSN policy (pg. 1). This preliminary review, including any necessary interviews to be conducted and any necessary interim measures to be put in place, will usually be completed within seven (7) days of receipt of the complaint.

Investigation Process

If the Title IX Coordinator determines that an investigation is necessary, the following will occur, in no particular order:

1. The Title IX Coordinator will assign an investigator or team of investigators to conduct the investigation. The Title IX Coordinator may be a member of that team.
2. The Title IX Coordinator will notify all parties to the complaint, if their identities are known, that CSN will be conducting an investigation;
3. The Title IX Coordinator will contact the reporting individual in order to:
 - a. Advise the reporting individual of resources available both on and off campus for support, advocacy, (pg.9) and accommodations for safety and security (pg. 6);
 - b. Advise the reporting individual of their reporting rights and options; including the right to request that the CSN not take action;
 - c. Advise the reporting individual about the investigation process;
 - d. Advise the reporting individual about the CSN's prohibition against retaliation (pg.2);
4. The Title IX Coordinator will contact the Respondent(s) in order to:
 - a. Advise the respondent(s) of resources available both on and off campus for support, advocacy, and accommodations;
 - b. Advise the respondent about the investigation process;
 - c. Advise the respondent about the CSN's prohibition against retaliation (pg. 2);
5. The Title IX Investigation team will meet with separately with the Reporting Individual and the Respondent(s) in order to:
 - a. Conduct an interview, should they choose to participate;
 - b. Allow each to provide evidence, including, but not limited to documents, recordings, and names of potential witnesses.
6. All reports shall be investigated in accordance with CSN policy and the reporting individual's identity shall remain private at all times if said reporting individual wishes to maintain privacy.
7. All of those contacted by the investigator will be required to maintain the privacy of the investigation however; the investigative team may consult with the Title IX Coordinator in decisions regarding the investigation process.
8. The Title IX Investigation team will attempt to meet with and speak to all witnesses who have or may have information relevant to the investigation. The Title IX Investigation Team will make the final decisions about with whom to talk and what to ask.
9. The Title IX Investigation team will attempt to collect all evidence relevant to the investigation.
10. When it appears that the investigation may result in a student conduct referral, the Title IX Investigation team will prepare a draft investigation report. Once that draft is prepared the following will occur:
 - a. First, each witness will be permitted to review the portion of the report that memorializes their statements to investigators. The witness will be permitted to suggest changes, offer clarifications, and make additions. The witness will ultimately be asked to affirm, in writing, (1) that they are satisfied that

they have shared all relevant information known to them, and (2) that the report is an accurate representation of their conversations with the investigators.

b. Next, the reporting individual and respondent(s) will be permitted to review the entire draft report. With respect to their own statements, they will be permitted to suggest changes, offer clarifications, and make additions. Each party will also be given the opportunity to respond to the content of the draft report, request that additional questions be asked of witnesses or the other party to the complaint, and to offer additional evidence or information. The Title IX Investigation Team will make the final decisions about with whom to talk and what to ask and what to include.

c. If one party has additional questions, or if additional evidence is offered, the investigators will follow up on those questions or the evidence and if relevant, will include it in the draft report. The process set forth in paragraph (b), above, will then be repeated until all parties are satisfied that investigation is thorough and complete.

11. Once the reporting individual and the respondent(s) are satisfied that the investigation report is accurate and complete as to their statements; a final investigation report will be prepared and distributed to the parties. The parties will then be required to affirm, in writing, that: (1) they have had the opportunity to review the report in its entirety, (2) the portion of the report in which their statements are summarized is accurate and complete, (3) they are satisfied that they have shared all relevant information and evidence known to them, and (4) they are satisfied that the investigation was thorough and complete.

12. If the investigation identifies evidence that, if true, could constitute a violation of Prohibited Conduct as defined in this policy (pg.1), the Investigative Team will make a referral to the CSN Dean and the investigation report will be provided to that office for further action.

13. Absent extenuating circumstances, investigation and resolution is expected to take place within sixty (60) calendar days from receipt of the complaint. All deadlines and time requirements detailed below may be extended for good cause as determined by the Title IX Coordinator or their designee. Both the reporting individual and respondent will be notified in writing of the delay, the reason for delay, and provided the date of the new deadline or event. Extensions requested by one party will not be longer than 5 business/school days.

Transcript Notations

For crimes of violence, including, but not limited to sexual violence, CSN shall make a notation on the transcript of students found responsible after a conduct process that they were "suspended after a finding of responsibility for a code of conduct violation" or "expelled after a finding of responsibility for a code of conduct violation." For a Respondent who withdraws from the CSN while such conduct charges are pending, and declines to complete the disciplinary process, CSN shall make a notation on the transcript of such students that they "withdrew with conduct charges pending."

To appeal the transcript notation, the student must contact the Office of the Registrar to remove the transcript notation. In cases of suspension, these transcript notations will not be removed prior to one year after conclusion of the suspension. Notations for expulsion shall not be removed. If a finding of responsibility is vacated for any reason, any such transcript notation shall be removed.

Student Onboarding

All new first-year and transfer students shall receive training on the CSN's Code of Conduct and student's rights with respect to sexual and interpersonal violence, the dangers of drug and alcohol use,

importance of communication with trusted friends and family whether on campus or off campus, and the availability of CSN officials who can answer general or specific questions about risk reduction; and consequences and sanctions for individuals who commit these crimes and code of conduct violations.

Annemarie McAllister EdD, RN
:

Dean, Cochran School of Nursing Date 8/2/2019
