

## R2 Digital Library

1. The R2 Digital Library can be accessed without a username and password from any computer throughout the Riverside Health Care System.
2. However, to access the R2 Digital Library remotely, a username and password must first be created while you are on campus.
3. This is done on the R2 Digital Library homepage by clicking on “*Create User Profile*” under the login box.
4. You can access the R2 Digital Library at, <http://www.cochranschoolofnursing.us> then click on the Library tab and then R2 Digital Library from the menu on the left side. Or at – [www.r2library.com](http://www.r2library.com)

---

### Searching the R2 Digital Library

1. On the R2 homepage, enter a title, drug or condition in the search box. Alternately, click on advanced options. This enables you to search by author, ISBN, publisher or editor.
2. Once you have found the title you require, you can use the “*Search this title*” feature to find information within the book.
3. Another useful feature is the “*Reserve shelf*”. Under this tab, you will find various shelves with books specific to a subject or field, including a nursing school shelf and a medical shelf.

For more information please call the library staff at 914-964-4281 or 914-798-8871
